ABOUT US

COMPANY PROFILE

Established in the 1988, MDC-UM is a privately owned Trinidad company. We installed the first modern workstations in Trinidad & Tobago over 20 years ago, we have continued to lead the market with innovative product, design, supply, service and installation. Doubling as a manufacturer with a full line of commercial and office furniture made in Trinidad, MDC-UM occupies a 100,000 sq. ft. facility in Macoya, Trinidad. Our modernized manufacturing facility houses CNC machinery for metal punching, benders, CNC wood routers, laminating and veneer presses, welding stations, and the crown jewel of our facility, one of the largest powder-coating booth and paint facilities in the Caribbean, ensuring compliance with local HSE and EMA requirements for health and environmental safety.

MDC-UM is an exclusive full service dealer for the HNI Group and sell such prestigious brands as Gunlocke, Paoli, Allsteel, HON, Maxon as well as the world's best ergonomic seating from Dauphin (Germany). Our exclusive partnerships ensure that all of the products we sell come with international warranties valid in Trinidad/Tobago and all other Caribbean islands we service. Warranty service can be obtained directly through MDC-UM. We also provide complete one stop service and project management for furniture and interiors and can also assist in network collaboration with designers and architects within both the Caribbean and North America.

In addition to our imported brands, we manufacture a complete line of professional office furniture right here in Trinidad & Tobago:

- Steel and/or laminate filing cabinets & desking

- Ergonomic seating

- Reception furniture

- Modular workstations

- Conferencing tables, credenzas, training furniture and more

- Hotel & Restaurant furniture (Clientele includes KFC, McDonalds, Burger Boys, Trincity Mall and others in the region)

Our range of services also include:

- Gypsum partition/walls/ceilings

- Kitchen cabinetry, millwork and worktops from Stainless steel to Solid surface

- Interior design & Space planning services

- Manufacture of customized furniture in quantity

- Project Management of interiors and furniture (Any project size)

Available for large and small orders, all manufactured products meet ANSI/BIFMA quality standards, carry the CARICOM advantage and come with a full warranty backed by MDC-UM.

Proper installation is a key factor in making a decision to purchase furniture and our installation team is the best in the region. With the largest full time install team on hand, MDC-UM can handle projects of any size, from a single office or conference room to a multi-storey office complex.

Gypsum Drywall Partitioning

Gypsum Drywall will enhance the aesthetics of any office, factory, warehouse, store or home environment .

Material

Gypsum boards, paint and all other material used in the construction of our products are non-toxic and beneficial to humans, animals, plant life, and the environment.

Vacuum Sanding Usage

The effect this technology has on pollution prevention is that the portable vacuum sander removes coatings and corrosion from composite or metal structures while capturing the solid waste. Vacuum sanding eliminates airborne particulate matter and potential lead dust exposure hazard.
